**Roald Dahl : Switch Bitch** before purchasing it in order to gage whether or not it would be worth my time, and all praised Switch Bitch:

1 of 1 people found the following review helpful. 4 Stories that Leave You WTF'ing (In a Good Way)By Isabella Roland1. The Visitor is perhaps the most interesting perspective I've read from in a long time. The narrator is a narcissist, a hypochondriac, and a player. In this story we are reading a man's diary that he has written in the first person of his chronicles of seduction. He has a fondess for all things elegant, unusual, and upperclass. Rarely do I meet such a character that I seemingly detest and admire at the same time. This short story will have you laughing, wondering, and feeling completely out of place in the world of Mr. Oswald Cornelius.2. The Great Switcheroo is a short, funny read about two neighbors conspiring to have sex with each other's wives. With every detail carefully planned, their strategy is too foolproof to go wrong. This read will have you questioning your own performance skills for sure.3. The Last Act portrays what it is like for a woman to lose her husband and everything else that made her life stable. It is fairly realistic in how she considers ending her own life on many occasions after her husband's death. The kicker to this story like most other's by Dahl is the horrific ending.4. Bitch! What a tale! Now this one really caught me off guard. There have been many times when I questioned the affects of my perfumes on men. This story explores human sexuality in the most primal sense.0 of 0 people found the following review helpful. Dahl for grownups. Outstanding.By Archer PhilThis collection contains "The Visitor", one of my favorite short stories, ever. Dahl is just outstanding as a writer for grownups as well as kids.0 of 0 people found the following review helpful. A sophisticated collection from a short story master.By DjohaA wonderfully written collection of short stories from a true master of the literary form. This is not the stuff of "Charlie and the Chocolate Factory," but a sophisticated adult read.

"Dahl is too good a storyteller to become predictable." mdash;The Daily TelegraphIn Switch Bitch four tales of seduction and suspense are told by the grand master of the short story, Roald Dahl. Topping and tailing this collection are "The Visitor" and "Bitch," stories featuring Dahl's notorious hedonist Oswald Hendryks Cornelius (or plain old Uncle Oswald) whose exploits are frequently as extraordinary as they are scandalous. In the middle, meanwhile, are "The Great Switcheroo" and "The Last Act," two stories exploring a darker side of desire and pleasure. In the black comedies of Switch Bitch Roald Dahl brilliantly captures the ins and outs, highs and lows of sex. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

"The four outrageous stories in *Switch Bitch* certainly do . . . In each case Roald Dahl sets up a realistic situation, then loads it with amazing and fantastic sexual possibilities. Then, somewhere this or the other side of pornography, he produces a denouement of the banana-skin kind--black banana-skin at that." *mdash; New Statesman*"One of the most widely read and influential writers of our generation""The absolute master of the twist in the tale""Dahl is too good a storyteller to become predictable"About the AuthorRoald Dahl(1916-1990) was born in Wales of Norwegian parents. He spent his childhood in England and, at age eighteen, went to work for the Shell Oil Company in Africa. When World War II broke out, he joined the Royal Air Force and became a fighter pilot. At the age of twenty-six he moved to Washington, D.C., and it was there he began to write. His first short story, which recounted his adventures in the war, was bought by *The Saturday Evening Post*, and so began a long and illustrious career.After establishing himself as a writer for adults, Roald Dahl began writing children's stories in 1960 while living in England with his family. His first stories were written as entertainment for his own children, to whom many of his books are dedicated.Roald Dahl is now considered one of the most beloved storytellers of our time. Although he passed away in 1990, his popularity continues to increase as his fantastic novels, including *James and the Giant Peach*, *Matilda*, *The BFG*, and *Charlie and the Chocolate Factory*, delight an ever-growing legion of fans.Learn more about Roald Dahl on the official Roald Dahl Web site: [www.roalddahl.com](http://www.roalddahl.com)From AudioFileWith deft skill and great wit four of Roald Dahl's best adult short stories ("The Visitor," "The Great Switcheroo," "The Last Act" and "Bitch") reveal the humor, melancholy and terror inherent in marital meddling and the lust and entanglements that ensue when men chase women. Christian Rodska's sophisticated but naughty reading is the perfect complement to these droll and bizarre short stories, transforming the words into stunning visual portraits. Rodska's verbal pacing and renditions of gender, age, regional and international accents are simply delicious. E.E.L. An AUDIOFILE Earphones Award winner (c)AudioFile, Portland, Maine
